OUR INSTRUCTOR and APPROVED TRAINER: Walter Nagel, former PA DEP Underground Storage Tank Program Supervisor, has 16 years experience writing and interpreting the PA UST regulations. He developed the UST facility inspection program and has been active in assisting owners, operators and certified tank handlers to understand the regulations.

PAYMENT POLICY: Payment may be made online (Visa, MasterCard or Discover) or by mail. Enrollment forms including credit card information may be faxed to PPMCSA at (717) 939-2015.

CANCELLATION POLICY: Cancellations will be accepted up to 3 days prior to the program date. No refund will be made unless the cancellation is received more than 3 days prior to the scheduled program.

CERTIFICATE OF TRAINING: Will be awarded to each student who completes the course and passes the required examination.

OVERNIGHT ACCOMMODATIONS: Lodging, transportation and meals (other than lunch) are the responsibility of the student.

Education Program

UST OPERATOR CERTIFICATION TRAINING - CLASS A & B

Pennsylvania Storage Tank and Spill Prevention Program Regulations (Title 25 PA Code Chapter 245, §436) require both Class A & B operators to successfully complete a training course approved by the Department of Environmental Protection (DEP).

Successful completion for Class A & B operators means attendance for the entire training course and a passing grade on an examination of material presented. Successful completion will be documented by a training certificate issued by an approved trainer.

An owner shall designate in writing Class A, Class B and Class C operators for each underground storage tank system or facility that has underground storage tanks permitted to operate by DEP.

A Class A or Class B operator shall be available for immediate telephone consultation when a facility is in operation. A Class A or Class B operator shall be able to be on site at the storage tank facility within 24 hours.

A Class C operator is the first line of response to events indicating emergency conditions. The Class C operator shall notify the Class A or Class B operator and appropriate emergency responders when necessary.

Information to help with Class C Operator Training will be included in the agenda.

The attendee will receive reference material including: The underground portion of PA DEP's rule book, summaries of the Storage Tank Act and prominent regulations, a comparison summary of the federal and state rules, US EPA's *UST Operation and Maintenance Manual*, and suggested forms for record keeping.

HOTEL INFORMATION: We have made arrangements with the Holiday Inn Harrisburg East, located approximately 1 mile from the PPMCSA Training Center, for a special rate of \$69.00 per night. Phone (717) 939-7841 and refer to the PA Petroleum room block.
